THANKSGIVING BINGO

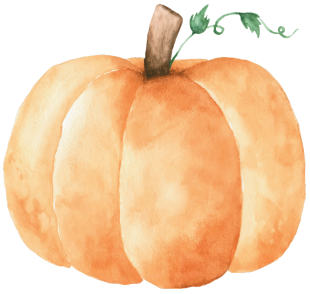

THANKSGIVING BINGO RULES

1. Cut out the calling card squares and put them in a bag.
2. Give each player a Thanksgiving bingo game card.
3. The caller reaches into the bag, chooses one square, and describes what is on it.
4. Players use a token or marker to mark off that item if it is on their card.
5. The first player to get five in a row calls out “Bingo!” and wins. Rows can be horizontal, vertical, or diagonal. You can also win by having four corners.
